UVI Research Day provides the Virgin Islands public exciting and informative research performed by the colleges and schools of the University of the Virgin Islands.

Its format of both roundtables and poster presentations allows the general public to have one-on-one interactions with our researchers.

Students, faculty and staff showcase diverse topics that impact our community, our youth and the Territory.

TOPICS:

- Intimate Partner Violence: Characteristics Of The Abuser. (STX)
- Antioxidants In Dried And Fresh Herbs. (STX)
- Stress and Marital Satisfaction. (STX)
- Medical Marijuana in the U.S. Virgin Islands. (STT)
- Environmental Health In The Industrial Area of St. Croix. (STT/STX)
- Mandaahl Bay: Is there an alternative to large-scale development? (STT)
- Threats to Our Reefs: Changes in Lionfish Prey Consumption and Biometrics. (STT)
- Impact of Social Media on VI Caribbean Culture in the 21st Century. (STT/STX)
