In the very unlikely event that the school will need to close (e.g. hurricane damage), the UVISOM has made arrangements with the University of Central Florida (UCF) College of Medicine to allow UVISOM medical students to seamlessly continue their medical education at the UCF location while issues which caused the closing are rectified.

The students of the UVISOM will follow the University of the Virgin Islands Emergency Response Plan (July 2014 version) unless they are relocated to UCF due to the temporary closing of the UVISOM.
